

## Local Businesses operating during Lockdown 2

This list has been compiled from posts on social media and personal knowledge. It is not exhaustive – it has been drawn up in good faith and apologies to any businesses that have not been included or any inaccuracies! It is based on a listing made in Lockdown 1. Updates and new entries **are in green**. The situation is changing fast so please check delivery etc before placing orders! **Further updates in red!**

**Many shops and businesses in Ripon selling essential items are staying open** – including (among many others, and in no particular order)...

We do not specifically recommend any of these suppliers but are just trying to give people an awareness of what is being offered. Other businesses are available, but these are the most local ones that we know of. Details correct as far as we know please check before ordering.
